

A peek inside hotels of the world

By Matthew Fernandes

ST. LOUIS POST-DISPATCH

01/13/2008

tvtrip.com

This site takes users on video tours of hotels in major cities of the world. Included shots of the exterior, streetscape, lobby and rooms. The video quality is excellent and labels accompany each shot. Descriptions, maps and histories of the hotels are also available as well as nearby attractions. Users can also book rooms from the site. Most major European cities are covered and a few in the United States, including Chicago and New York.
